The Resilience Fund: Rebuilding Sonoma County

The firestorm that has ravaged Sonoma County in October has taken a devastating toll on our community, with thousands of structures destroyed, dozens of tragic deaths, and more than \$3 billion in losses. More than 100,000 people have been displaced from their homes, and countless numbers of people have lost absolutely everything.

While this disaster has been chaotic, the response should not be. With 34 years of experience in philanthropy, we know how to make strategic and impactful grants to support the well-being of our community. To date we've given out more than \$200 million dollars to Sonoma County organizations addressing issues such as housing, hunger, economic well-being and mental health.

Recovery from these fires will take years, and we're committed to this community for the long term. We have launched the **Sonoma County Resilience Fund** to address the mid to long-term needs of those impacted by these devastating fires.

You can quickly and easily support the Resilience Fund in the following ways:

- Donate online to the Sonoma County Resilience Fund at www.sonomacf.org/sonoma-county-resilience-fund/.
- *Mail a check* to Community Foundation Sonoma County, 120 Stony Point Rd., Suite 220, Santa Rosa, CA 95401. Please indicate "Sonoma County Resilience Fund" in the memo line.
- *Transfer stock or securities*; contact a Philanthropic Advisor to begin the process.

Our hearts may be broken, but our spirits are not. In the face of this destruction, we know that we will recover, as the resilient community that we are. Be safe, be well, and be strong.

Thank you for your generosity and commitment to Sonoma County.
